

Principles and Objectives

Principles

We aim to educate students to be creative professionals and researchers with a deep sense of humanity through high quality educational activities, and to serve as leaders in the local community in building a symbiotic society.

Objectives

▶ Educational Objectives

We encourage students to become internationally active with good moral values, a wide range of basic knowledge and the ability to deal with new challenges.

▶ Research Objectives

We aim to foster distinctive research that harmonizes various fundamental studies in order to develop creativity and innovativeness. We also aim to develop applied research to solve various problems that modern society faces.

▶ Contributing to the Local Community

We aim to contribute to the area as a source of knowledge to meet regional needs and promote the development of culture, industry, medicine, and lifelong study using the accumulated results of research.
