Museum

The Kagawa University Museum was established in April 2007 on purpose of connecting Kagawa University to local community in cultural aspects. Its operation was started in April 2008 at North Block 1, Saiwai-cho Campus and the building has a total floor space of 250 square meters. The space includes exhibition rooms, storage space, and practical training rooms. The museum supports academic and research activities of the university and shares its value and achievements with the local community. The museum houses numerous exhibition items, and also provides educational experiences to people in outside the campus.

The Kagawa University Museum aims to:

1. Collecting and housing intellectual properties such as specimens, research materials and inventions which gained from university's academic and research activities.
2. Providing specialized knowledge and supporting research activities of various museums and research groups in Kagawa.
3. Sharing the findings and research achievements, and providing facilities and space to local school teachers, local researchers and local curators for information exchanges and practical trainings.
