Course Overview

Why don't we join museum tours through this course? The instructor will give you a guide of the natural history museums in which she visited for her research. This course aims to help students deepen their interest in western culture through looking at development of natural history and history of East-West relations. This course is designed for both English beginners and intermediates.

Course Goals

Students will **acquire knowledge** of museums, history and culture in the West. Students will be able to **speak about a wide range of topics** including places of interest at home and themselves by interacting with other participants.

Course Content

The first lesson will serve as an **Orientation Session**. Instructors will inform students **about skills and activities** related to the course.
