To all students

From President, Kagawa University

Raising infection alert level for COVID-19

Due to the rising cases of infection and impending health services and system crisis, Kagawa Prefecture has decided to raise the alert level to **'Infection Alert Period'**.

With this alert, Kagawa Prefecture is requesting the cooperation from all persons to assist in preventing the virus from spreading.

Along this line, Kagawa University is asking all students to exercise extra precaution and care in this period.

Regarding movements across prefectures:

- **Unnecessary movements to areas with spreading virus (new cases of 5 or more persons /100,000 persons/week) should be carefully re-considered.**
- **Any movement to areas with new cases of 15 or more persons /100,000 persons/week) should be seriously re-considered with even more extra thought.**

<Thorough implementation of living the new lifestyle>

- Strictly observe the appropriate behaviors, such as avoiding the 3Cs (Closed spaces, Crowded places, Close-contact settings), keeping social distance with other people, wearing mask, and washing hands.
- Refrain from attending dinners and parties with large crowd, and speaking or shouting in loud voices in restaurants, karaoke bars, or sports events etc.

The virus can infect anyone. Always be considerate to other people, and specifically, abstain from inappropriate behavior or speech that belittle victims of the corona infection as well as individuals associated with them.
