

GLOBAL CAFÉ NEWSLETTER

Message from Professor Tokuda, Director of the Global Café:

Global Café is a small but comfortable communal place where both international students and Japanese students can get together to interact with each other. Global Café offers various activities such as multi-language classes, cultural events and workshops. Although these activities have currently been provided online, and not in-person due to COVID-19 outbreak, please find your favorite activities and join them. You can learn not only language skills but also how we act as multi-culturally and cross-culturally minded individuals.

Messages from the Global Café:

"The past year has been difficult as we suffered from unprecedented levels of stress and isolation. But it has also offered us an opportunity to find new ways to communicate, make friends and meet new people. I hope that by the end of this pandemic we will have become better for it." -Sy
