

Participants List from KU for the 7th Joint Symposium between CMU and KU

As of 17th July, 2018

No.	Session(s)	Name (Given)	Name (Family)	Presentation Title	Affiliation	Position	Registration Fee	Remarks
1	Regional Economy and Creativity	Naoyuki	Hara	DMO and the Characteristics of Tourism in Kagawa Prefecture	Faculty of Economics	Professor	Waived	
2	Regional Economy and Creativity	Kazuya	Ishii	Development Economics Reconsidered: From a Gandhian Viewpoint	Faculty of Law	Professor	Waived	
3	Regional Economy and Creativity	Maselebal	Nchabeleng	Factors affecting sustainability of Community-Based Tourism Projects: Locational Analysis in Limpopo Province	Graduate School of Economics	Graduate Student		
4	Regional Economy and Creativity	Dancille	Nizeyimana	Spatial Analysis of Tourist Areas in Burundi	Graduate School of Economics	Graduate Student		
5-1	Regional Economy and Creativity	Ravindra	RANADE	ON STRATEGIES FOR IMPROVEMENTS IN RELATIVELY LESS DEVELOPED REGIONS	Faculty of Economics	Professor	Waived	2 Presentations
5-2	Regional Economy and Creativity	Ravindra	RANADE	Efforts in Kagawa region towards economic development – the use of culture, religion, art and tourist attractions.	Faculty of Economics	Professor		
6	Regional Economy and Creativity	Feng	YAO	Empirical Causal Relationships between Money Supply and Stock Markets in China	Faculty of Economics	Professor	Waived	
7	Food and Agriculture	Hayato	Morimoto	Chimeric characteristics of bud-mutation carnation cultivars "MINAMI series"	The United Graduate School of Agricultural Sciences, Ehime University	Graduate Student		
8	Food and Agriculture	Masashi	Sato	Growth-inhibitory effect of D-arabinose against the nematode <i>Caenorhabditis elegans</i> : Discovery of a novel bioactive monosaccharide	Faculty of Agriculture	Professor	Waived	
9	Poster Sessions	Saki	Shirai	Functional analysis of nonpathogenic gene RipAA of <i>Ralstonia solanacearum</i> causing extensive damage to plants	Graduate School of Agriculture	Graduate Student		
10	Poster Sessions	Yuki	Eguchi	Biennial Cycle of Leaf Shedding by a Giant Bamboo <i>Phyllostachys edulis</i> Affects C-based rather than N-based Net Primary Production of Secondary Rural Forests, Kagawa Prefecture, Western Japan	Graduate School of Agriculture	Graduate Student		
11	Poster Sessions	Yuki	Fukagawa	Elucidation of the Chemical Composition of Tung Tree (<i>Vernicia fordii</i>) to clarify the potential for	Faculty of Agriculture	Undergraduate Student		
12	Poster Sessions	Suguru	Tomimoto	Investigation for nephrotoxic mycotoxin 'Ochratoxin A' in instant noodles manufactured in Japan, China, Indonesia, Vietnam and Thailand	Graduate School of Agriculture	Graduate Student		
13	Poster Sessions	Hiroki	Ijima	Annual variation of light attenuation coefficient and its controlling factors in Bisan Strait, the Seto Inland Sea, Japan.	Graduate School of Agriculture	Graduate Student		
14	Poster Sessions	Megumi	Matsuyama	Physical and chemical properties of biodiesel fuel from Tung oil	Graduate School of Agriculture	Graduate Student		
15	Poster Sessions	Mariko	Koyama	Growth-inhibitory effect of the rare sugar D-arabinose against the nematode <i>Caenorhabditis elegans</i> , and its mechanism of action	Graduate School of Agriculture	Graduate Student		
16	Smart Cities and Attitudes towards Them	Peter	Lutes	A critical framework for application of Information Technology (IT)	Faculty of Agriculture	Associate Professor	Waived	
17	Food and Agriculture	Hisashi	Kato	Bioactive compounds from Thai indigenous plants for the development of the eco-friendly agriculture	Faculty of Agriculture	Professor	Waived	
18	Poster Sessions	Chisato	Sakamoto	Identification of an allelopathic substance in <i>Lamium amplexicaule</i> L. extracts	Graduate school of Agriculture	Graduate Student		
19	Poster Sessions	Sutjaritpan	Boonmee	Assessment of allelopathic properties of Thai medicinal plants	Graduate school of Agriculture	Graduate Student		
20	Food and Agriculture	Takeshi	Katayama	Investigation of bioactive components of forest biomass in Southeast Asia	Faculty of Agriculture	Professor	Waived	
21	Food and Agriculture	Goro	Takata	Cloning and Heterogeneous Expression of D-Glucoside 3-Dehydrogenase Gene of <i>Rhizobium</i> sp. and Its Application for New Pathway of Rare Sugar	Faculty of Agriculture	Professor	Waived	
22	Poster Sessions	Tae	Hasegawa	Mutation of D-Glucoside-3-Dehydrogenase from <i>Rhizobium</i> sp. S10.	Graduate school of Agriculture	Graduate Student		
23	Food and Agriculture	Kazuya	Akimitsu	ACRS Gene Cluster for Host-selective ACR-toxin Biosynthesis in <i>Alternaria alternata</i> rough lemon pathotype	Faculty of Agriculture	Professor	Waived	
24	Food and Agriculture	Yoshiki	Matsumoto	Red mite (<i>Dermanyssus gallinae</i>) monitoring and trapping device	Faculty of Agriculture	Associate Professor	Waived	
25	Poster Sessions	Ryota	Okujima	Evaluation of materials and structure for sustainable control of the chicken mites	Graduate school of Agriculture	Graduate Student		
26	Poster Sessions	Natsuko	Ishikawa	Evaluation of bone quality and bone strength in femurs of layer hens	Graduate school of Agriculture	Graduate Student		
27	Food and Agriculture	Osamu	Kawamura	Occurrence of ochratoxin A in roasted and instant coffee commercially available in China, Indonesia, Vietnam, and Thailand	Faculty of Agriculture	Professor	Waived	
28	Poster Sessions	Saki	Ejima	The effect of rare sugar D-allose on wild type and transgenic <i>Arabidopsis thaliana</i>	Faculty of Agriculture	Undergraduate Student		
29	Poster Sessions	Yugo	Tsugi	Search for novel genes involved in host-selective ACT toxin production by co-immunoprecipitation with anti-ACTT1 antibody in the tangerine pathotype of <i>Alternaria alternata</i>	Faculty of Agriculture	Graduate Student		
30	Energy and Sustainable Technologies	Yoshiro	Imai	A Study of Big Data Analysis based on Python Program for Electric Power Demand and some kinds of Weather Information	Faculty of Engineering and Design	Professor	Waived	
31	Energy and Sustainable	Satsuki	Murai	Experimental study on a seismic reinforcement method	Faculty of Engineering	Undergraduate Student		
32	Smart Cities and Attitudes towards Them	Yumiko	Takagi	Proposal on Dietary Education Research and Dietary Habits Research in East Asia Countries- International Contribution through Comparative Study of Diabetes and Obesity	Faculty of Education	Professor	Waived	
33	Energy and Sustainable Technologies	Mitsuhiro	Miyamoto	Study on Vibration Characteristics of Stone Building Based on Seismic Observation	Faculty of Engineering and Design	Associate Professor	Waived	
34	Smart Cities and Attitudes towards Them	Eiichi	Miyazaki	The Trial Production of Physically Handicapped Persons for Input Interface using the Motion tracking	Faculty of Education	Professor	Waived	

Participants List from KU for the 7th Joint Symposium between CMU and KU

As of 17th July, 2018

No.	Session(s)	Name (Given)	Name (Family)	Presentation Title	Affiliation	Position	Registration Fee	Remarks
35	Energy and Sustainable Technologies	Shinya	Hara	Application and Evaluation of Register-transfer level Visual CPU Simulator for Computer Architecture and other computer-based Education	Graduate School of Engineering	Graduate Student		
36	Energy and Sustainable	Shunsuke	Doi	Abstract-writing Support Tool for Foreign Students to describe Foreign Articles	Graduate School of Engineering	Graduate Student		
37	Smart Cities and Attitudes towards Them	Yoshiki	Sakurai	What is a "Smart Person"? A Study of Education and the Learning Required for Japan's Future	Faculty of Education	Professor	Waived	
38	Poster Sessions	Katsuya	Hirano	Novel function of coagulation factor XI as a regulator of vascular smooth muscle	Department of Cardiovascular Physiology, Faculty of Medicine	Professor	Waived	
39	Aging Society	Masaaki	Tokuda	GLP-1 release and vagal afferent activation mediate the beneficial metabolic and chronotherapeutic effects of D-allulose	International Institute of Rare Sugar Research and Education	Professor	Waived	
40	Non- presenters	Kenji	Wada	-	Department of Chemistry for Medicine, Faculty of Medicine, Kagawa University	Professor		
41	Poster Sessions	Ryusuke	Ichikawa	A Study on Visualization Accompanied the Three-dimensional Sense by Color	Graduate School of Education	Graduate Student		
42	Poster Sessions	Daijiro	Sorada	Active, Selective, and Recyclable Iridium Catalysts for Dehydrogenative Silylation of Styrenes Prepared in situ from Ir Complexes and Metal Oxides	Graduate School of Engineering	Graduate Student		
43	Aging Society	Takeshi	Yoda	Quality of handwashing water research at elementary schools in Kandal Stueung District, Cambodia	Kawasaki University of Medical Welfare	Professor		
44	Food and Agriculture	Toshisada	Suzuki	Biodiesel production from tung oil, and isolation and identification of antioxidant compounds from defatted seeds	Faculty of Agriculture	Associate Professor	Waived	
45	Aging Society	Mayu	Suzuki	The Effects of Kangaroo Care: A Literature Review	School of Nursing, Faculty of Medicine	Master Program Student		
46	Poster Sessions	Yuki	Sawaoka	Meaning and Acceptance Process of Acquired Disability	School of Nursing, Faculty of Medicine	Master Program Student		
47	Smart Cities and Attitudes towards Them	Mitsuru	Matsushima	The Development of Student's Beliefs in Mathematics and Mathematics Education	Faculty of Education	Associate Professor	Waived	
48	Poster Sessions	Nant Marina Yin Nyein		Current Situation of Technical Intern Trainee as Care Worker	Major in Nursing Science, Graduate School of Medicine	Master Program Student		
49	Non- presenters	Nobuko	Yoshikawa	-	Associate Professor	Associate Professor		
50	Energy and Sustainable Technologies	Kyosuke	Takahashi	Restoration Planning System for Resilient Road Networks after an Earthquake Disaster	Faculty of Engineering and Design	Senior Lecturer	Waived	
51	Smart Cities and Attitudes towards Them	Toru	Takamizu	A critical framework for application of Information Technology (IT) in the classroom	International Office	Senior Lecturer	Waived	
52	Aging Society	Kazuyo	Kamitori	D-allose induces tumor suppressive factor TXNIP (thioredoxin interacting protein) through transcriptional and translational regulation	Faculty of Medicine	Assistant professor	Waived	
53	Aging Society	Syed Mahfuz	Al Hasan	Trends towards an acceptable macronutrient distribution range in Japan: a joinpoint analysis of energy intake data of the national nutrition survey in Japan from 1946 to 2015	Department of Public Health, Faculty of Medicine	Graduate Student		
54	Aging Society	Hideto	Yokoi	Medical Information Database Integration for Japanese Pharmacovigilance	Department of Medical Informatics, Kagawa University Hospital	Professor	Waived	
55	Aging Society	Akram	Hossain	Rare sugar D-allulose prevents progression and development of obesity and type 2 diabetes	Faculty of Medicine, Kagawa University	Research fellow, Department of Pharmacology		
56	Food and Agriculture	Takaaki	Ogawa	Potent inhibitory effects of D-tagatose on the growth, acid production, water-insoluble glucan synthesis, and biofilm formation of Streptococcus	Department of Oral and Maxillofacial Surgery, Faculty of Medicine	Assistant Professor	Waived	
57	Aging Society	Hiromi	Suzuki	Wearable sensor reveals lifestyle habits of elementary school children	Department of Hygiene, Faculty of Medicine	Assistant Professor	Waived	
58	Poster Sessions	Katsumi	Toyoshima	The state of a training system for the mid-career workers	Department of Nursing, Kagawa University Hospital	Director of Nursing	Waived	
59	Poster Sessions	Hitomi	Tanaka	The outbreak of MRSA with the pacifier in NICU: a case report	Department of Nursing, Kagawa University Hospital	Vice-Director of Nursing	Waived	
60	Non- presenters	Lrong	Lim	-	International Student Center	Director		
61	Aging Society	Hiroaki	Kawakatsu	Perception of Male Nurses among Hospitalized Children and Their Families	Kagawa University Hospital	Nurse	Waived	
62	Non- presenters	Seiichi	Fukai	-	Faculty of Agriculture	Dean		
63	Non- presenters	Yuri	Machihara	-	International Office	Instructor		
64	Non- presenters	Katsumi	Imaida	-	Faculty of Medicine	Professor		
65	Non- presenters	Kimie	Tanimoto	-	School of Nursing, Faculty of Medicine	Professor		
66	Non- presenters	Madoka	Ouchi	-	Faculty of Economics	Student		
67	Non- presenters	Taishin	Hirata	-	Faculty of Economics	Student		
68	Non- presenters	Mami	Katou	-	Faculty of Economics	Student		
69	Non- presenters	Sakina	Ikawa	-	Faculty of Economics	Student		
70	Non- presenters	Rie	Nakagiri	-	Faculty of Economics	Student		
71	Non- presenters	Tsukika	Iwashima	-	Faculty of Economics	Student		

Participants List from KU for the 7th Joint Symposium between CMU and KU

As of 17th July, 2018

No.	Session(s)	Name (Given)	Name (Family)	Presentation Title	Affiliation	Position	Registration Fee	Remarks
72	Non- presenters	Masami	Noguchi	-	Faculty of Economics	Student		
73	Non- presenters	Kosuke	Hayakawa	-	Faculty of Economics	Student		
74	Non- presenters	Dong	Chen	-	Faculty of Economics	Student		
75	Non- presenters	Kazunori	Yakushiji	-	Faculty of Economics	Student		
76	Non- presenters	Koji	Ueta	-	Administrative Group, International Office	Deputy manager		
77	Non- presenters	Yoshie	Honda	-	Department of Nursing, Kagawa University Hospital	Head nurse
